MILL COMMITTEE LEAGUE

Announces Features of Fourth of July Celebration—Day to Start with Parade.

There has been a slight change in the plans of the Thread Mill League committee having in charge the celebration on the Fourth. The committee, consisting of Wade U. Webster, Robert Higgins, Harold Williams, John McQuillan and Charles W. Hill, having substituted lunch and refreshments to be provided by a caterer in place of the clam bake during the noon hour.

There will be a baseball game in the morning between the Willimantic Independents and the Newfields of Bridgeport, and one in the afternoon between the Emeralds and the Pioneers of New Britain, both of which contests will be worth seeing.

The athletic sports will be held at 1.30, and comprise the following: Girls' race, 50 yards, running bases, fungo batting, peanut rolling, throwing baseball, sack race, bird jump and a tug of war, the Willimantic Fire Brigade team issuing a challenge to any team in the city for that event.

BUSINESS MEN'S OUTING

Ball Players to Have Competition for Loving Cup on Day at Storrs.

CASTORIA

For Infants and Children

In Use For Over 30 Years

Always bears the Signature of

Chas. H. Fletcher

There are many in this city who know something about baseball, and the committee hopes they will come forward so that a good team may be selected to represent Willimantic in the contest.

About the only matter which the local association has in its charge for the day's outing is that of transportation. Automobiles will be the means used to get the visitors to Storrs, and all members who own machines will undoubtedly be glad to do their share in carrying people to the scene. In addition, if it is necessary, the auto running between Storrs and Willimantic will be utilized, as well as the two or three large trucks owned in the city.

Syphers of 98 Mansfield avenue, while spreading Paris green on his potato plants Monday of this week, inhaled a considerable quantity of the poison, which was forced into his mouth and nostrils by a gust of wind. At the time he paid no attention to the incident, but the symptoms of arsenic poisoning became so apparent Thursday that he sought the aid of a physician, and is now under his care in the hospital. The physician, Dr. Syphers inhaled was considerable, a very small per cent. of arsenic oil would be needed to cause him a great deal of pain and inconvenience.

POOL OF BLOOD

Found in a Hut in a Field Near Attawaugan.

The attention of Coroner A. G. Bill has been called to the finding of a pool of blood in a hut in a field near the Attawaugan section of the town. A stone to which some hair clings is one of the exhibits in the case, and the problem seems to be whether some person has been foully dealt with or whether the victim of a probable assault was an animal. The blood pool was found by Millard Jordan of Broad street while he was at work for the town and was located past the place where the hut is going to be built.

DRIVING TOWARD NORWICH.

Last Seen of Two Missing Moosup Boys.

Nathan Weisenger, a fruit and pro-

duce dealer at Moosup, asked the police here Thursday to be on the lookout for Samuel Goldsmith, 18 and William Weisenger, 16, a nephew of Nathan, who were lost, strayed or stolen. Weisenger said Thursday afternoon—and he was a worried man—that he sent the boys out Wednesday morning with a load of bananas to the store, advising that they come to Danielson. Weisenger then went to Providence on business.

All night long Mr. Weisenger awaited the return of the boys, but they came not. Thursday morning he started an investigation and ascertained here that they came to Danielson and disposed of their load of fruit. They were seen about 3 p. m. with their business done and ready to return to Moosup. The boys were driving Mr. Weisenger's gray mare attached to a canopy top wagon that has a yellow and blue decoration for body and wheels. The last heard of the boys was while they were reported driving in the direction of Norwich. Mr. Weisenger says that William and Samuel are familiar with all of the roads in this section.

Clark was traveling as a repairer of clocks and sewing machines. Last winter he drove to the direction of Norwich for about two months. The body was buried at the direction of the selectmen of Brooklyn on Thursday.
